## Principal's Message

On this Alumni day you all will be happy to recall that this is our Silver Jubilee Year, and I take this opportunity to thank you for contributing to the college to have reached where we are today. I also extend my sincere greetings to our young and bright luminaries for their future. This provides an opportunity to our alumni members to connect back to the College family and to one another and renew their memories. For us, it is a moment of pride to receive each one of you at your alma-mater. This college which came into existence in 1991 during the birth centenary of Bharat Ratna Dr. Bhim Rao Ambedkar at Geeta Colony shifted at the present site in 2001. It provided a unique opportunity to the college to have its own building and create infrastructure, and to grow into all spheres of education, extra-curricular and co-curricular activities for the benefit of students and community at large.

During the last few years particularly since my joining in 2007, it has been our endeavour to ensure that the growth with equality and student friendly approach pursued with social concerns become the guiding principles despite difficulties. You will be happy to know that during the last few years, the college has reached new heights. Results have further improved. The cut-off percentage has risen substantially. Teachers are getting into prestigious positions including IAS, IPS and Principal. They have been sponsored for studies abroad and awarded research projects. Student friendly schemes including Short-term Add-on courses, special care measures for socially and economically weak students particularly SC/ST/OBC/DAP have been initiated. Special Lecture series was started w.e.f. 14 April 2007 to commemorate the birth of Baba Saheb. The environment friendly infrastructure including development of Herbal and Rose Gardens has been appreciated and the college is bracketed for top prizes in the University since 2010. The college infrastructure has considerably improved for the benefit of students. Our Alumni Club stands as a vibrant force now, and the College feels proud of this.

All these achievements would not have been possible without the sincere efforts and the vision of my colleagues from the teaching and non-teaching, young students, alumni and the former staff and of course, the Governing Body and the University of Delhi officials. We are proud of them. As we are to build the future together, I request for your patience. Mistakes may come in

the way as a very few are trying constantly hard to exhaust us through all possible means. We are tiny chorus with a big heart and a growing voice; and always require the support and guidance of the right kind of persons around us in institution building.

Many of you, I am sure, have made a remarkable journey into professional experience, enlightenments, and social directions racing through frustration, disillusionments, and challenges for the competitive world. Some of our alumni including Girish Nishana, Raj Chawla, Anil Kumar, Shrikant, Rishi Raj, Manoj Rajput, Charanjeet Singh, Nihal Singh, Ovais, Sanjay, Kapil, Vandana and many others have done so well. They deserve congratulations and we feel proud of them while wishing all others a very successful future. Still we have to guide the younger generations how to contribute for creating a happy, healthy and peaceful society for all.

The College progress is integrated to the impact of alumni. I feel happy to highlight that my alumni is extremely sensitive to the needs of the college and the students. Almost every month a student centered activity is conducted in the college or outside the college involving the college and even the school students. Every year, six alumni achievers are felicitated, besides updating the Directory for Alumni. I am sure many more initiatives will surprise you in due course of time. Special thanks to Alumni office bearers Girish Nishana, Charanjeet Singh and Bhuwan Sharma, Nihal Singh, Karan Kapoor and also the College Alumni Committee led by Dr. Chitra Rani.

On this historic day, let us get a renewed inspiration of all those who have provided this college the vital strength with their love and commitment to stand among the top ranking institutions and have further enabled us to earn the recognition of the society. We value you along with your information sharing, comments and suggestions made out of your experience and knowledge. We can never thank you enough, but please come by often and we will certainly try! Please continue to be a part of us.

On behalf of the college family, I wish all success to the college alumni and this event.

Thank you and God bless you.

**(Dr. G. K. Arora)**  
Principal
