The Teaching/no-teaching Staff

This is in continuation to the earlier college notices requesting that all types of communications/correspondence to be displayed in the College and/or sent to the other/higher authorities/organizations be routed through the Principal's office. It has been noticed that a very few selected notices are still being displayed/circulated sent directly without authorisation and without approval of the College. Even the College stationery is being used in an unauthorized manner

All the Teaching and non-Teaching Staff are again requested to route all notices through Principal's office failing which those will be treated as unauthorizedly displayed and all implications emerging therefrom will be the sole responsibility of such persons.
