Summary

Teaching economics since last ten years, I have learned to convey the depth of this subject in the simplest manner possible to the young minds.

To develop a greater insight of this subject; I try to pick examples around us which makes the communication easy to absorb and incite the inquisitiveness. This helps to create critical minds and an inclination towards research.

Qualification

- 2007:** Ph.D in Economics from Fakir Mohan University, Balasore, Odisha.
- 1999:** Masters in Economics from Utkal University, Odisha.
- 1997:** Bachelors in Economics from Utkal University, Odisha.

Macro Economics,
Indian Economy and
Micro Economics.
Political economy

Achievements

Book Authored:

Food Security in India (A Case Study of Balasore Municipality). Nidhi Books(2015)

Article Co-authored:

'Possessed by Land'- Down To Earth 2015

The article depicts the condition and plight of women of Mankhera, Rajasthan due to possession of land.

Paper Presented:

1. '*Climate Change and Indian Agriculture*':

10th International Conference on Strategies for Promoting Inclusive Development (IC-SPID-2018), Delhi University.

Indian Agriculture is adversely affected by the climate change. This paper tries to study the reasons behind these adversities and the suggestive solutions .

2. '*Nature, Religion & Economics*': National Conference on Environmental Challenges For New India.2nd -3rd June 2018, Delhi University.

Nature, religion and economics are intertwined and inseparable. I have tried to explain this relationship and how not following the religion of nature leads to downfall of Economy.

3. '*Disappearing Wetlands*': International Conference on Global Environmental Challenges Human Health and Sustainable Development. 11-13 January 2019, Jawaharlal Nehru University.

The paper deals with the importance of wetlands in Kolkata. It analyses how growth of the city has threatened the existence of this wetland.

4. '*Food Security in India*': National Seminar on Empowering Growth through Corporate Governance and Economic Stability Measures, SGGSCC (University Of Delhi) on 24th Feb'12.

The paper deals with the evolution of different phases of food security.
