Notice

(Committee for Compilation of the COVID-19 Pandemic related Experiences)

Student discussion

Dear students!

You all are already aware that our College is going to publish a compilation about the experiences related to the Corona period. In this compilation, we wish to include the views and experiences of students, alumni, teachers, non-academic staff and officials associated with the college administration. In this regard, a notice of "Invitation of Articles" must have reached you last month from the committee related to compiling the experiences of the COVID-19 pandemic. In that notice, you would have seen the file containing the detailed information of the terms and conditions related to the write-ups. You can view it again by visiting WRITE-UPS (Google Classroom) whose class code is pb0es4c.

In this stage of the compilation work, the concerned committee is going to take further action, under which a student discussion is being organized based on the theme "**Our mind during the Corona period**". In this discussion, the students can share their experiences related to health, education, family situations, surroundings, the impact of information coming through different mediums, role of technology during these tough times, mental turmoil, apprehensions and expectations about the future etc. After the discussion, if your thoughts reach the editorial board within the prescribed time limit in writing, they would be published in this compilation.

Discussion topic: 'Our mind during the Corona period'

Time limit for each student: 05 minutes

Date: 17 September 2021

Time: 3:30 pm
